

※If you purchased our gearbox through a third party (machine manufacturer or distributor), please contact the third party directly about investigation.

## Gearbox Investigation Request Form

Thank you very much for using our gearboxes. We offer an investigation service to resolve our customer's problem. If you would like to request the service, please fill out the application below and a Trouble & Failure Report and contact us. We will make a quotation according to your request.

※We take great care to ensure quality of our products, but if the failure is found to be our defect, we will resolve the problem free of charge.
